

DARKSLIDE

VISUAL
STRATEGY
EXPERTS

Blueprint Studios x Darkslide Productions offer a cost-effective way to produce professional content of the highest quality at scale, with flexible booking options, full creative control and expert support where you need it.

Whether you are speaking to customers, employees, investors or the media, the message needs to be clear, polished and on-brand every time.

With seven set options to choose from for audio and video recording, and even photography, you can create the scene that will take your content to the next level.

SET 01 **BROADCAST**

SET 02 **DISPLAY**

SET 03 **CONVERSATION**

SET 04 **CHAT**

SET 05 **BLACK**

SET 06 **WHITE**

SET 07 **GREEN**

PRICING

THE LOCAL AREA

GET IN TOUCH

01

Broadcast

Display your clients' branded content on our 5m wide LED screen, and put their branding, content or messaging at the heart of the production.

2-4 contributors

Display

The perfect space for an intimate conversation, with opportunities to art-direct the background. Choose from our library of props or bring your own to demonstrate your brand or product.

2–3 contributors

02

Conversation

Get that English country house vibe with our Farrow & Ball paint and extruded frames, providing a clean and stylish background where the audience can concentrate on the conversation.

1–3 contributors

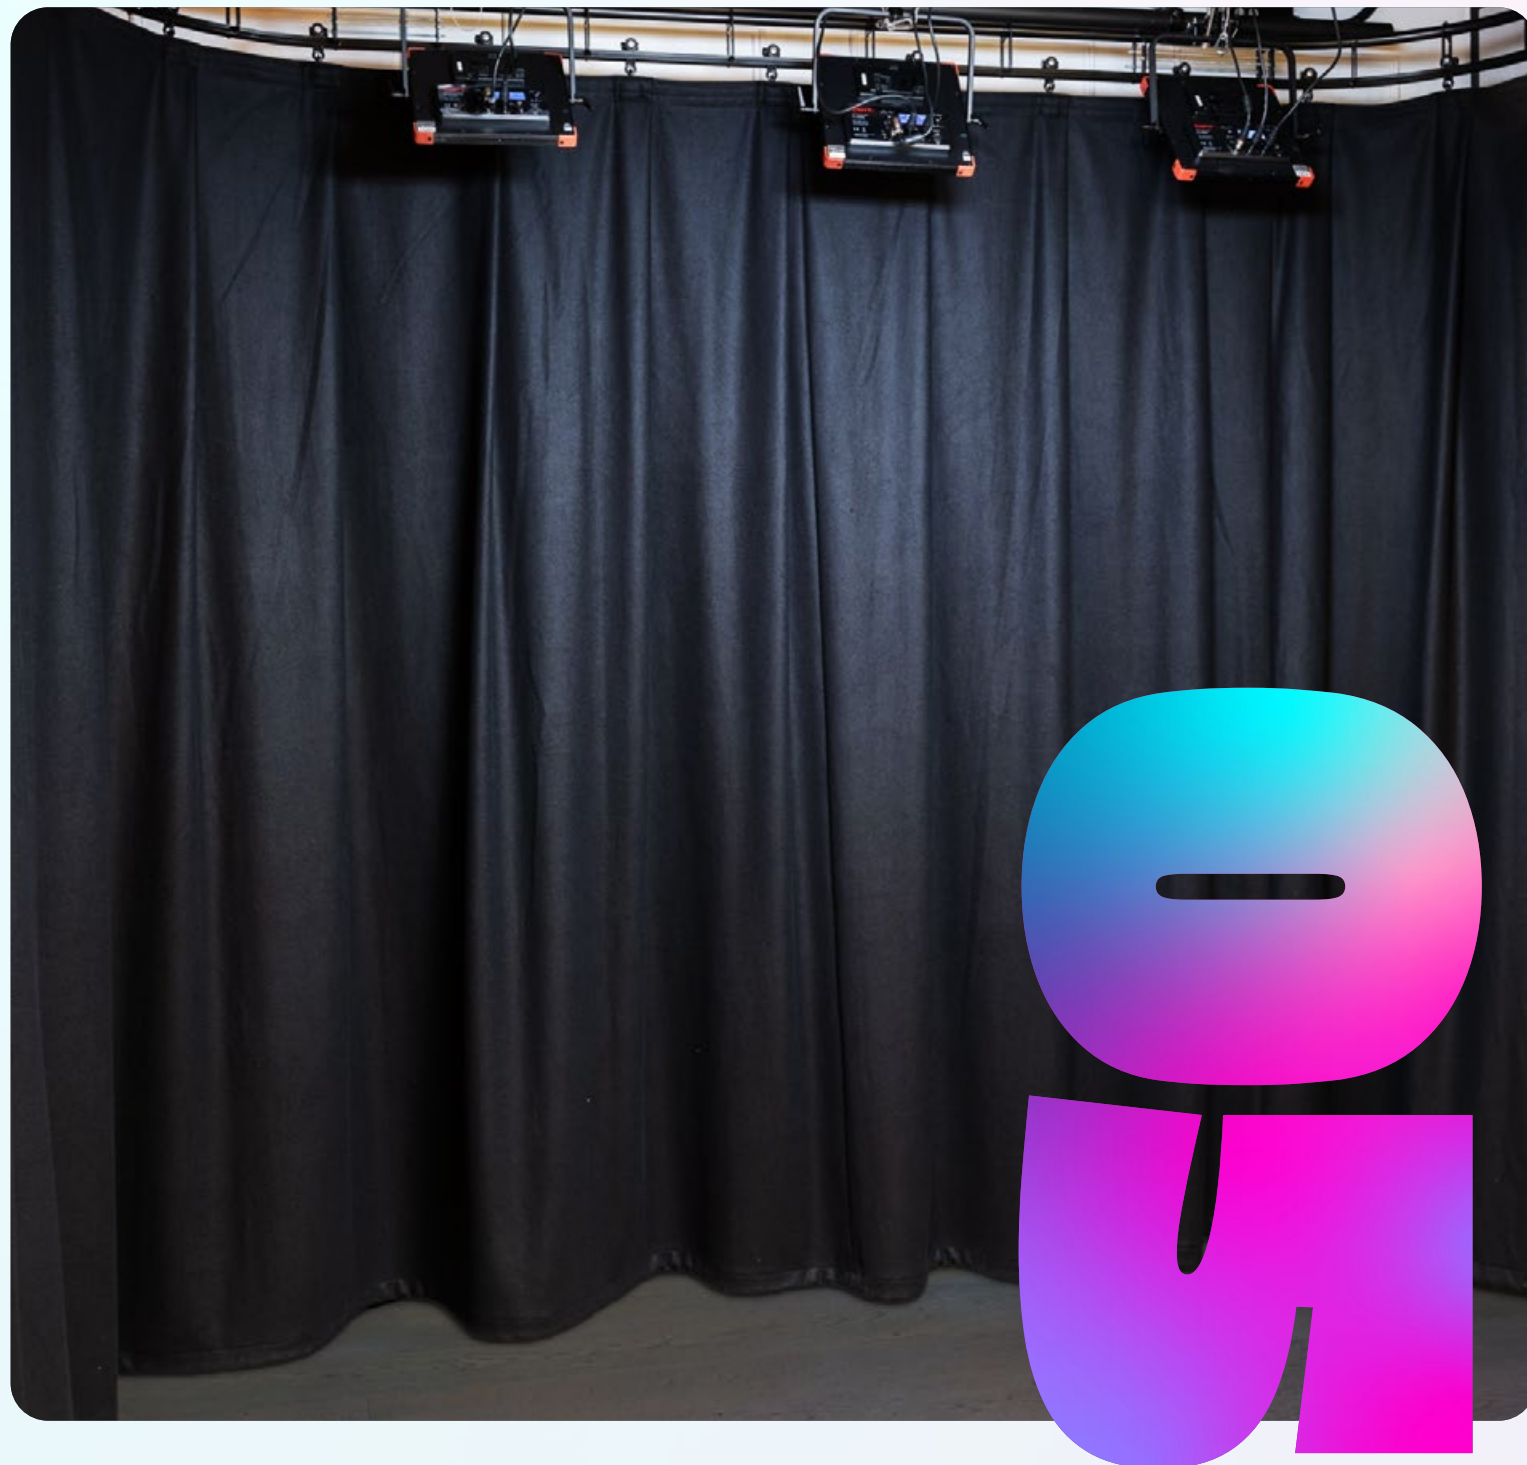

04

Chat

When you have four or more people on camera, or just want space enough to swing a cat, you can combine two of our sets together to form the living room look.

2–4 contributors
(no cat swinging allowed)

Black

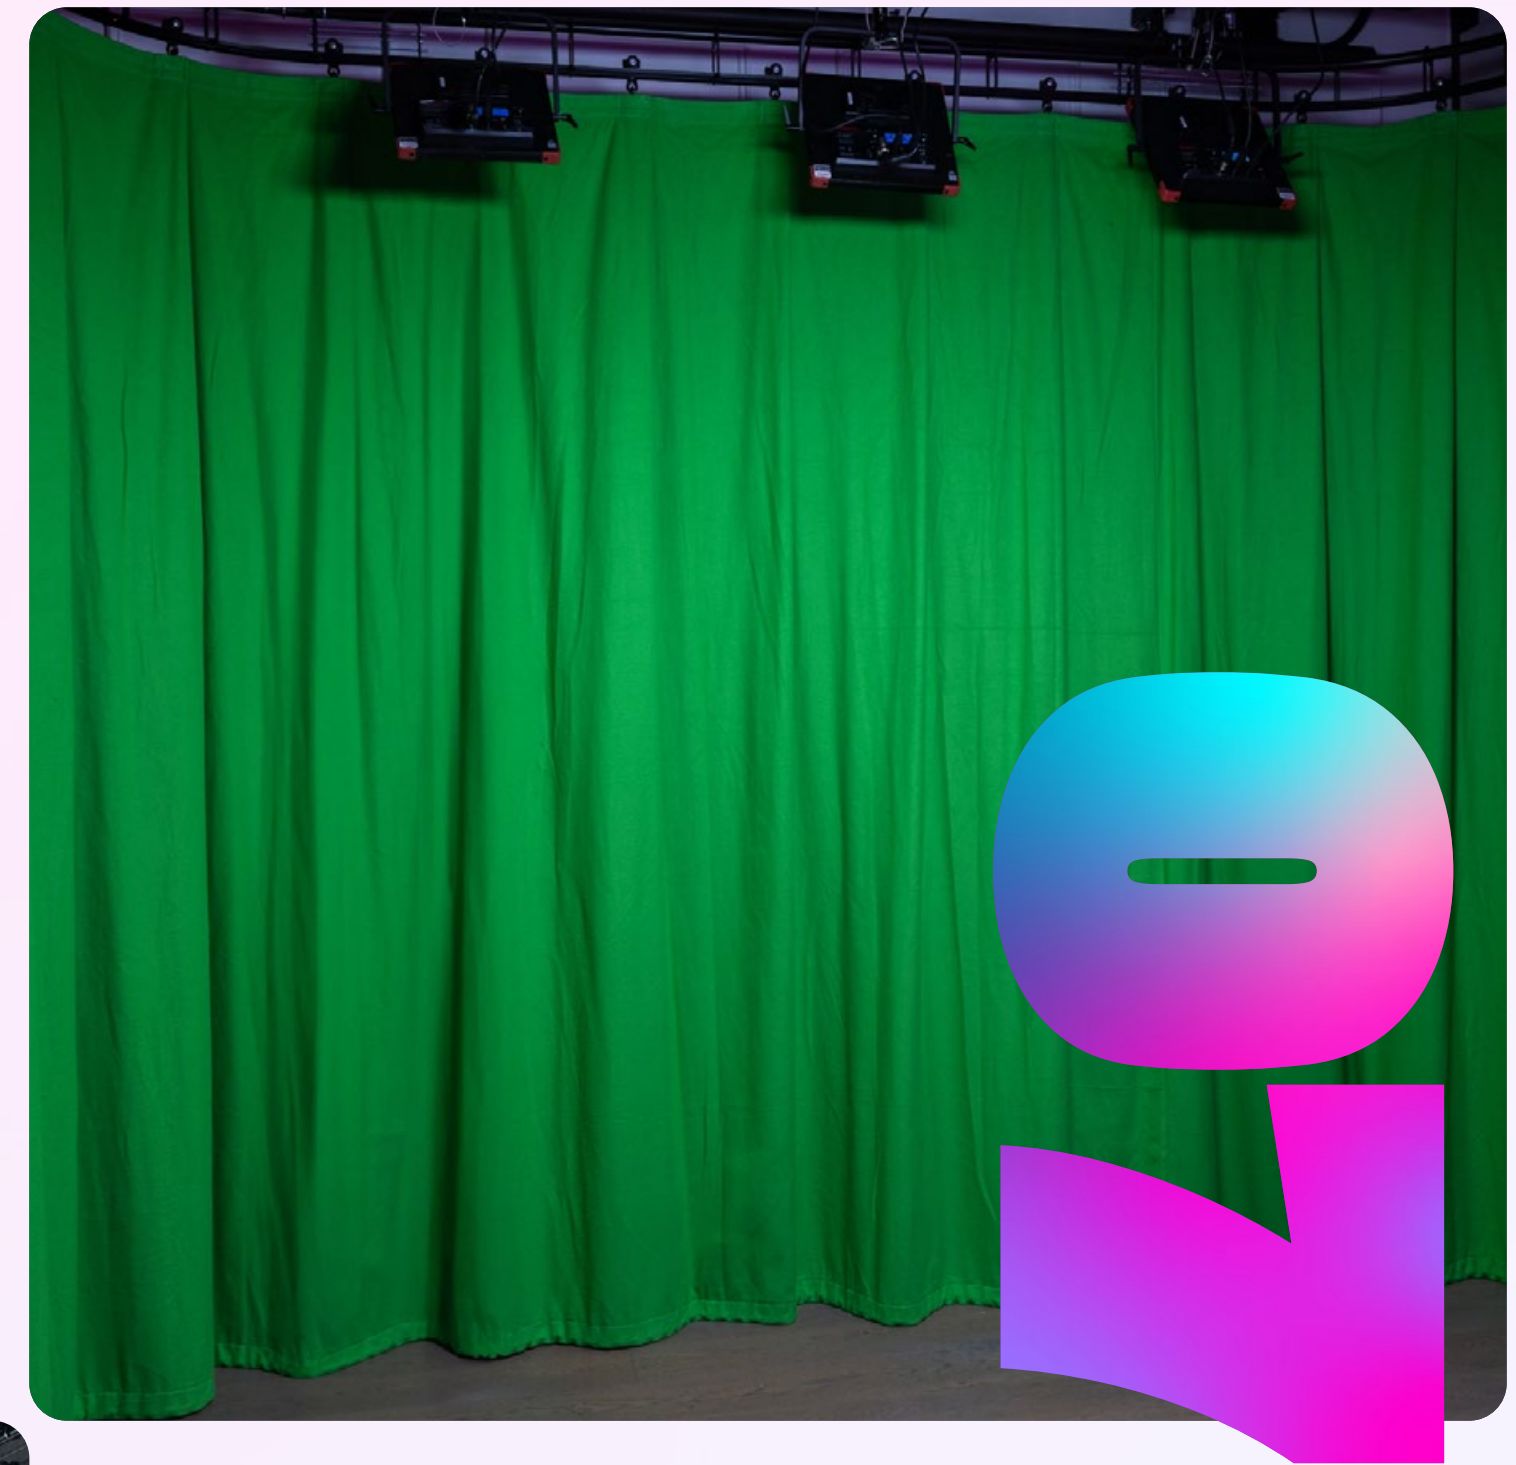

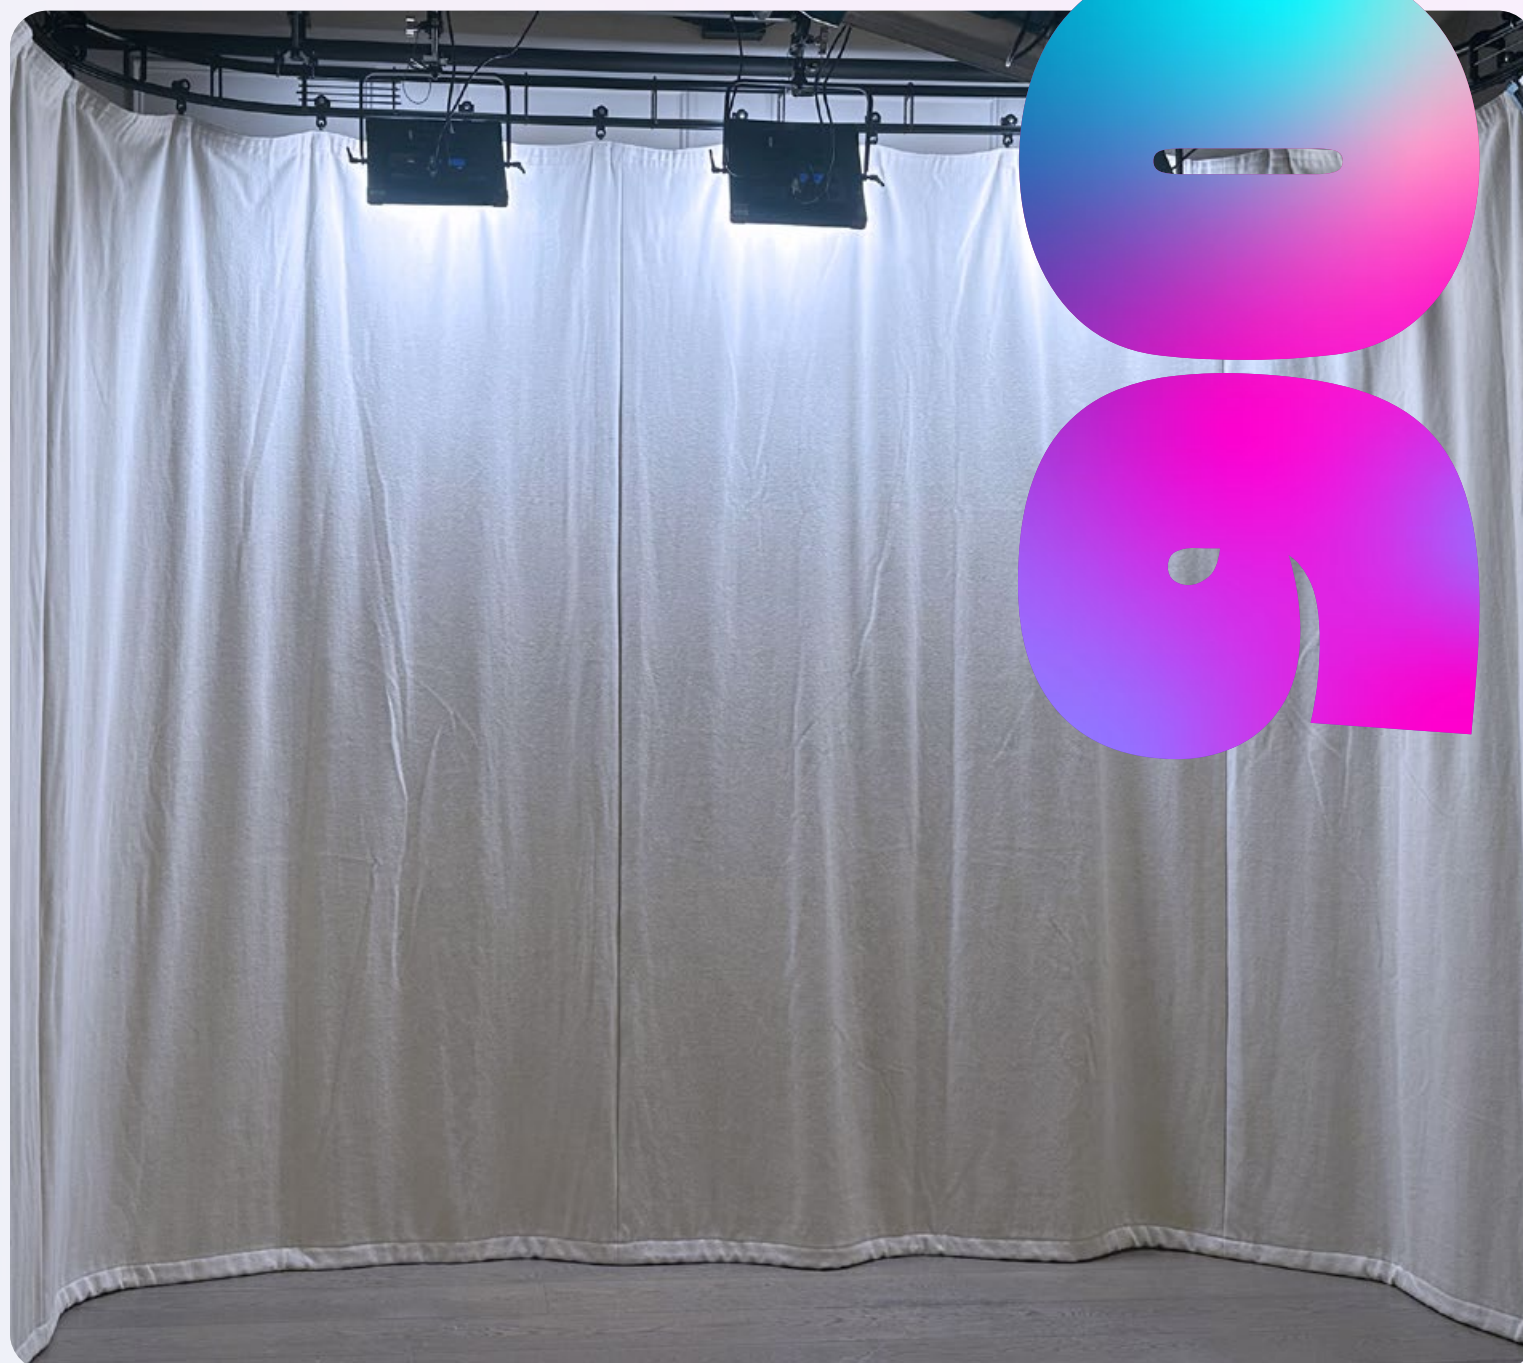

With a full black cloth that surrounds the studio, we can provide you with a black box for a lower-key visual approach. Coloured LED lighting is available to add tints to your background.

Can be used seated, standing and with or without the podcast table. Also available in white.

White

For when all of the focus needs to be on your subjects, our white cyclorama covers up to two walls, giving you 180 degrees of white to film against.

Also suitable for stills photography and product shots.

Green

Our chroma green cyclorama is perfect for capturing visual effect shots or for live composing into virtual worlds.

Combine with our in-house vMix platform, 3D designers and 10sqm of green floor, we can place you anywhere in the world or create your own branded studio.

Half day (4 hours) **£600**

Full day (8 hours) **£1,200**

Every booking includes:

Access to any of our integrated sets and backgrounds

Your branded content displayed on our built-in LED screen

3 x Canon C80 cameras

Live vision mixed output of your content

Friendly, professional studio engineer

4 x SMB7 podcast-style microphones or 4 x TV Lavalier microphones

Full integrated DMX controlled lighting rig

Recording of files in HD, 4K or 6k

Teleprompter

Access to our studio technical gallery to produce or monitor your recording

Extras

We can also add several different elements including live streaming, remote contributors, real-time graphics or social monitoring and lots more. Ask for a bespoke package.

Post-production

We can offer additional editing services. This can include your full production or sub-titled or translated clips for social.

Ask our team for a bespoke cost.

Additional facilities

For meeting rooms, dressing rooms, co-working access or car parking, please ask our team for costs.

We also offer a client hospitality package, which includes a dedicated hospitality runner, catering for lunch, snacks and complimentary teas and coffees. From £300 per day, subject to numbers.

The local area

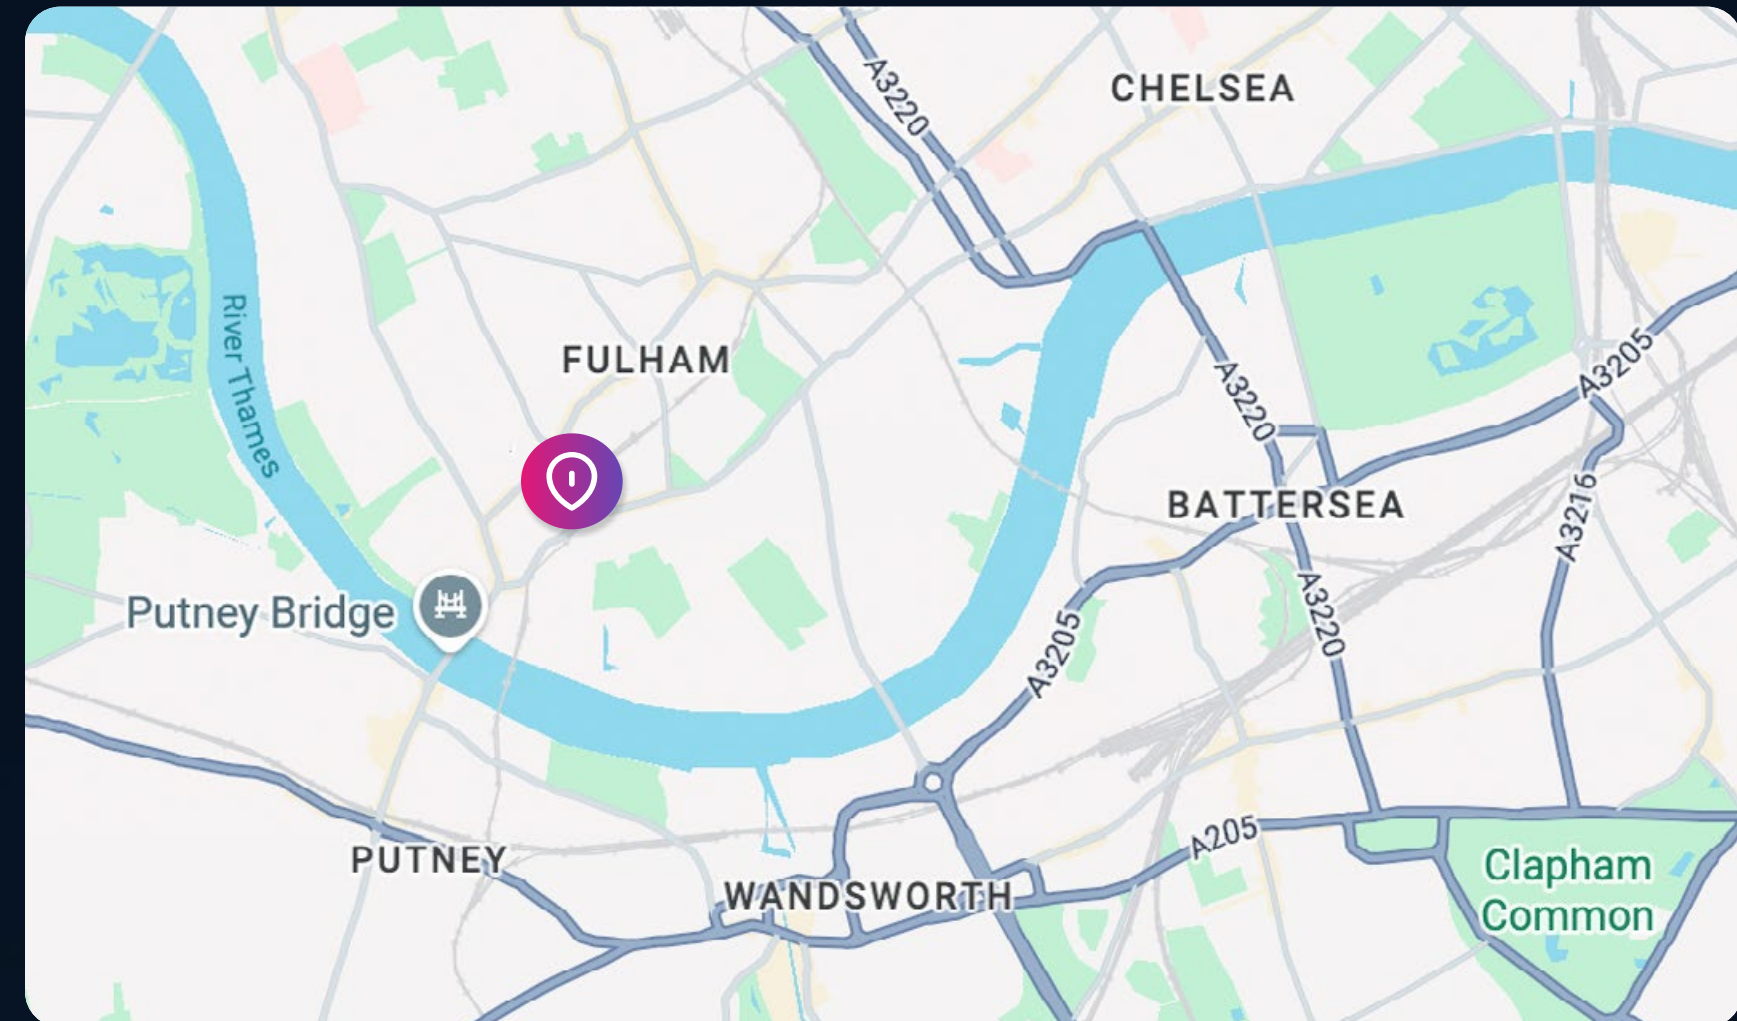

We understand that location is about more than just accessibility. By using Blueprint Studios, you have access to the Uncommon Cafe, while just minutes away you'll find a whole host of eateries, from Pret and Starbucks to the local Italian deli and artisanal bakeries.

We're also walking distance from Fulham Pier, a brand new riverside development including more than 10 street food vendors and home to Brasserie Constance, headed up by Michelin-starred chef Adam Byatt.
